General Chair

Chair Jonathan Pellish invites you to NSREC 2027, to be held at [The Westin Peachtree Plaza](#) in Atlanta, Georgia, July 19th – 23rd 2027.

The Westin Peachtree Plaza is located in the heart of downtown Atlanta. Known as “The City in the Forest” and the cultural capital of the South, Atlanta is a city defined by history, innovation, and Southern hospitality.

Few cities in the world are easier to reach. Hartsfield-Jackson International Airport (ATL) is consistently ranked among the most well-connected airports globally, with non-stop flights to destinations across six continents, and links directly to downtown via the city’s [MARTA](#) rail system, with a stop next to the Westin.

The cradle of the modern civil rights movement and the birthplace of Coca-Cola, Atlanta has left an indelible mark on the national story. The Martin Luther King, Jr. National Historical Park, the National Center for Civil and Human Rights, the World of Coca-Cola, and Centennial Olympic Park, host of the 1996 Games, are all within walking distance of the hotel. The city is also home to more than fifty colleges and universities including Georgia Tech, Emory University, and the Atlanta University Center, fostering a thriving research ecosystem in aerospace, microelectronics, and defense.

We look forward to welcoming you to Atlanta in 2027 for an outstanding technical program in a truly dynamic city.
